

School Accountability Report Card

Reported Using Data from the 2010-11 School Year

Published During 2011-12

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

EdData Partnership Web Site

EdData is a partnership of the CDE, EdSource, and the Fiscal Crisis Management and Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2010-11)

This section provides information about the school, its programs and its goals.

School Description

Escondido Elementary School is the largest of twelve elementary schools in the Palo Alto Unified School District, and the host of the districtwide choice program in Spanish Immersion.

The school has 570 students in grades kindergarten through fifth, with an average daily attendance of over 90% and unexcused absences of less than 3%. Approximately 14% are residents of Stanford University's graduate student family housing in Escondido Village, 37% reside in two nearby Palo Alto neighborhoods: College Terrace and Evergreen Park, and about 49% come from other areas in Palo Alto, East Palo Alto, and Los Altos Hills. Stanford graduate and undergraduate students enhance our school environment by volunteering, tutoring, making presentations, and carrying out educational research. Several retired community members devote many hours per year in our library and classrooms.

Escondido children represent 32 countries and speak more than 20 different languages. Compared to other schools in the district, Escondido has the highest percentage of students who speak a language other than English. The school population includes 255 children in the Spanish Immersion Program, which is integrated into Escondido School.

Mission Statement:

Escondido celebrates global awareness and integrates multicultural education in the classroom. Our staff helps children develop an awareness of and an appreciation for various cultures and holidays through classroom activities, assemblies, guest speakers, music and art.

Our school encourages each child to reach his/her greatest potential through a nurturing student-centered environment. We believe it is our responsibility to:

Provide a curriculum for all children that is rich, challenging and developmentally appropriate,

Develop lifelong learners with self-confidence, motivation, social skills and a belief in themselves as valuable contributors to a global society,

Assist children in becoming independent logical thinkers and creative problem solvers, and

Create a school environment emphasizing safety, cooperation, respect, and appreciation of cultural diversity.

Opportunities for Parental Involvement (School Year 2010-11)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

At Escondido, we feel parents are their children's first and most important teachers. Many assist in classrooms, the library, on field trips, and around the school. Parents volunteer more than 23,000 hours of their time per year. The majority of parents belong to our PTA (Parent Teacher Association). Parents provide enrichment activities through sharing aspects of their culture or professional expertise; some work with students in our gardens or provide noon activities. Parents plan and staff a host of school activities such as our Book Fair, Talent Show, Last Day Fair, Staff Appreciation Week, Noon Art, International Fair, Green Team, Community Party, Halloween Breakfast, Science Fair, Meet the Principal Coffee, and Track and Field Day. The PTA edits and distributes our school newsletters, eNews and The Globe, and initiates and raises funds to support a wide variety of school enhancement and enrichment programs (e.g., special assemblies, parent education, classroom and teaching needs). Parents can also help underwrite costs of school programs and additional staff via donations to PTA and PiE. In addition, the school supports one charitable organization impacting children each year. Parents also volunteer with SIPAPA, the Spanish Immersion Parents Association of Palo Alto, and serve as representatives to various district and community committees. Seven parents are members of our School Site Council, an elected group that helps develop the school plan, yearly goals, and budget. Others represent us at district level committees such as the Community Advisory Committee and PTA Council.

III. School Climate

School Safety Plan (School Year 2010-11)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

Escondido School rules are based on respect for ourselves and others, personal safety, and responsible behavior. Specific guidelines are provided to students and their parents during the first week of school and a compact is signed by the parent, student, teacher, and principal. Our playground is supervised by teachers at recess and before and after school, and a minimum of six noon supervisors at lunch.

The school has an anti-bullying policy. In order to implement this policy, Escondido is engaged in the Steps to Respect and Second Step program to foster social/emotional development and effective problem-solving skills.

Students contribute in many ways to our school. Fourth and fifth graders serve on the Escondido Safety Patrol. They help younger children cross nearby streets safely while learning responsibility. Students staff a Green Team to promote recycling. Fifth grade students also serve as co-captains in the Noon Sports Program for students in grades 3-5, and Student Helpers in the school's K-5 Jogging Club. Students at various grade levels participate in pedestrian, bicycle, and personal safety program presented by the Palo Alto Fire and Police Departments. All grades participate in a buddy program that pairs older students with younger students to create a connected and supportive community.

Emergency preparedness is a priority. We have a disaster plan which includes: storing equipment and supplies, holding regular earthquake, fire and lockdown drills, and discussing with students what they should do in an emergency. Staff members update their First Aid and CPR training periodically. Each classroom is equipped with a portable emergency preparedness kit provided by the PTA.

As prescribed by State law, a Safe School Plan is reviewed annually. The plan is derived from needs that surface during annual surveys to parents, staff, and students and by observations of the principal. Goals, objectives, and activities contained in the plan address the school's physical and social environment, as well as its culture. The plan received an in- depth review last spring by our School Site Council, and was approved in November 2010 for the 2010-2011 school year.

Suspensions and Expulsions

Suspensions	0.37	0	0	1.87	1.54	1.67
Expulsions	0	0	0	0.06	0.04	0.03

* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment (and multiplying by 100).

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2011-12)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

Year and month in which data were collected:

Safe, orderly schools are the highest priority of the Palo Alto Unified School District. Schools maintain and enforce a policy of required registration and identification at the main office. All visitors must register and receive approval before visiting any classroom or activity during the school day. District personnel, contractors and maintenance crews are required to wear identification badges while working on any campus throughout the district.

The District has established a Preventive Maintenance Team that visit each campus on an assigned schedule repairing and maintaining facilities in readiness conducive to teaching and learning. . In addition, the District provides a work order system for ongoing maintenance that tracks requests, supplies and assigned time spent on any routine repair. A Custodial Supervisor who monitors the cleaning of all sites visits both during the day as well as the evening, providing custodians with support and emphasizing the importance of providing and maintaining a clean facility for learning.

Each school has a Safety Plan and clearly stated expectations for student behavior. Safety Plans are updated and reviewed annually. The District has a strictly enforced anti-discrimination policy that prohibits harassment of students or staff based upon race, gender, disability, religion or sexual orientation. The School Board maintains a zero tolerance policy for violent or threatening behaviors, and is committed to prevention of harmful behaviors. Students are provided with opportunities to build positive relationships to help create a more supportive school community.

The Escondido Elementary School main campus was originally constructed in 1960. The buildings on campus have been renovated and added to over the years with additional rooms added in 1961 and 1967. The latest modernization occurring in 2001 as part of the Building for Excellence Program. This modernization program included seismic and ADA accessibility improvements, as well as updating the classroom environment. New technology upgrades included computer workstations and increased electrical capacity within the classrooms. Energy upgrades included new heating systems and lighting in the classrooms. The 2001 modernization included conversion of two classrooms housing the library to classrooms, conversion and construction of a new library space within an existing building and construction of a new classroom wing. A modular classroom was added to accommodate growth in the summers of 2007 and 2008.

The campus now has a new library facility as part of the Building for Excellence Program. The library facility has reading and resource areas for students, as well as new computer workstations. The library has a credentialed librarian assigned, with equipment, which provides for on line services, Internet and Intranet connections and a multimedia presentation station.

The Multipurpose room is forty-six years old, and is slated for reconstruction in the future.

The District staff has worked with site personnel to identify additional needs at all of the campuses as input to the District's Capital Improvement Plan. This plan detailed proposed repair/replace projects over the next twenty years with a priority for health and safety issues and begin to identify funding sources.

Modernization on campus in 2001 included a new playground equipment structure and the resurfacing of hard court and play surfaces. The buildings were also re-roofed and painted in 2001 as part of the renovation. During 2009 the back playground area was replaced.

As of November 2011 none of the emergency facility needs specified in Education Code Section 17592.72 (1. Gas leaks; 2. Non-functioning heating, ventilation, fire sprinklers, or air-conditioning systems; 3. Electrical power failure; 4. Major sewer stoppage; 5. Major pest or vermin infestation; 6. Broken windows or exterior doors or gates that will not lock and pose a security risk; 7. Abatement of hazardous materials previously undiscovered that poses an immediate threat to pupil or staff; and 8. Structural damage creating a hazardous or uninhabitable condition) are required at this school site. A copy of the Interim Evaluation Instrument used to verify Education Code Section 17592.72 deficiencies is on file in the Facilities Office for review.

The Escondido Elementary School campus is safe, well maintained and clean, with a custodial staff assigned for 18.75 hours daily.

V. Teachers

Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

* "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

** "Vacant Teacher Positions" refer to positions not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2010-11)

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: <http://www.cde.ca.gov/nclb/sr/tq/>

Location of Classes	Percent of Classes In Core Academic Subjects Taught by	
	NCLB Compliant Teachers	Non-NCLB Compliant Teachers
This School	100	0
All Schools in District	99.85	0.15
High-Poverty Schools in District	0	0
Low-Poverty Schools in District	99.84	0.16

* High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program.

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2010-11)

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor		
Counselor (Social/Behavioral or Career Development)		---
Library Media Teacher (Librarian)	1	---
Library Media Services Staff (paraprofessional)		---
Psychologist	0.8	---
Social Worker		---
Nurse		---
Speech/Language/Hearing Specialist	0.6	---
Resource Specialist (non-teaching)	1	---
Other		---

* One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2011-12)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected:

The Board of Education has made a determination that each pupil in each school in the District has, or will have prior to the end of the fiscal year, sufficient textbooks or instructional materials, or both, in each subject, and these materials, in each subject, are consistent with the content and cycles of the curriculum framework adopted by the State Board. PASSED AND ADOPTED by the Board of Education of Palo Alto Unified School District this 17th day of January, 2012.

Additional information is available from the PAUSD Educational Services Department at (650) 329-3709.

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2009-10)

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental/Restricted)	Expenditures Per Pupil (Basic/Unrestricted)	Average Teacher Salary
School Site	\$8,024.00	\$380.00	\$7,644.00	\$84,180.00
District	---	---	\$8,262.00	\$85,360
Percent Difference: School Site and District	---	---	-7.48	-2.28
State	---	---	\$5,455	\$67,667
Percent Difference: School Site and State	---	---	40.13	24.4

* **Supplemental/Restricted** expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.

** **Basic/Unrestricted expenditures** are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending webpage at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits webpage at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

Types of Services Funded (Fiscal Year 2010-11)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

Each year each school develops a Single Plan for Student Achievement (SPSA). This plan is available at the school site. The SPSA is developed by the School Site Council and is presented to the Board of Education for approval during a fall Board Work Session. This plan provides the budget detail on the uses of the site's categorical funds. The SPSA also describes the overall categorical funding received by the District in dollar amounts and the types of services funded. Most categorical programs are centrally funded and not within an individual school's budget. The notable exceptions are the state-funded School and Library Improvement Block Grant, which is allocated to each school on a per pupil basis, and the federally-funded Title I Assistance Program, which is provided for identified students in PAUSD's elementary schools with the highest concentrations of low income families.

The District also publishes an annual Budget Book, typically running over 400 pages, which details all District expenditures, General and Categorical, by school and by department. The 2011-12 Budget was adopted by the Board of Education on June 28, 2011. The Budget Book is available through Business Services at the District Office and on the PAUSD Website (www.pausd.org/community/about_pausd).

Teacher and Administrative Salaries (Fiscal Year 2009-10)

Beginning Teacher Salary	\$51,422	\$41,035
Mid-Range Teacher Salary	\$81,860	\$65,412
Highest Teacher Salary	\$103,836	\$84,837
Average Principal Salary (Elementary)	\$134,670	\$106,217
Average Principal Salary (Middle)	\$137,603	\$111,763
Average Principal Salary (High)	\$154,393	\$121,538
Superintendent Salary	\$260,466	\$197,275
Percent of Budget for Teacher Salaries	41%	39%
Percent of Budget for Administrative Salaries	5%	5%

* For detailed information on salaries, see the CDE Certificated Salaries & Benefits webpage at <http://www.cde.ca.gov/ds/fd/cs/>.

IX. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- California Standards Tests (CSTs), which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- California Modified Assessment (CMA), an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- California Alternate Performance Assessment (CAPA), includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

California Physical Fitness Test Results (School Year 2010-11)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at <http://www.cde.ca.gov/ta/tg/pf/>.

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards

* Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2008	2009	2010
Statewide	10	9	9
Similar Schools	8	2	4

Academic Performance Index Growth by Student Group - Three-Year Comparison

* "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

Academic Performance Index Growth by Student Group - 2011 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2011 Growth API at the school, LEA, and state level.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) webpage at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2010-11)

AYP Criteria	School	District
Made AYP Overall	No	No
Met Participation Rate: English-Language Arts	Yes	No
Met Participation Rate: Mathematics	Yes	No
Met Percent Proficient: English-Language Arts	No	No
Met Percent Proficient: Mathematics	Yes	No
Met API Criteria	Yes	Yes
Met Graduation Rate (if applicable)	N/A	Yes

Federal Intervention Program (School Year 2011-12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

XI. Instructional Planning and Scheduling**Professional Development**

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance data reporting, etc.)?

The PAUSD provides ongoing professional development and professional growth opportunities to all staff. All teachers and classified staff participate in three district-wide staff development days each year. The content for these sessions is informed by the PAUSD Strategic Goals that encompass our commitment to academic excellence and learning; our need to attract, retain, and enhance the skills of the most talented people we can find; facing challenges in the District's infrastructure and its finance; and the collective realization that the trust and confidence of our community is vital for the District's success. Additional workshops on these topics, multimedia and technology are offered throughout the year, at the District and school sites. Reading specialists, special education teachers, school psychologists, speech therapists, EL teachers, and other non-classroom personnel are included and also receive additional training in their areas of expertise. Study groups, Lesson Study teams, and peer coaching involve small teams of teachers at specific grade levels or within content areas who work together on a cycle of inquiry and preparation for National Board Certification. New teachers to PAUSD, including those who qualify for the BTSA Induction Program, receive monthly professional development that includes curriculum, instruction, assessment, and special workshops on specific students' needs. In addition, BTSA participants receive formative assessment and one-to-one coaching.

During the summer, professional development is offered in curriculum, instruction, technology, and leadership. Reading, writing, art and math professional development laboratory schools provide two and four-week opportunities for intensive training combined with coaching and reflective practice. Summer curriculum-development teams produce curriculum to later be used by the entire teacher community.
