 KAISER PERMANENTE®

The choice to bring a new baby into your life is an exciting one – and we're proud to support you on your journey.

Everyone takes a different path to building a family, and we all face unique challenges along the way. Sometimes you just need a little help – that's why we're here. Kaiser Permanente Centers for Reproductive Health provide you with high-quality fertility care that can help turn your dreams of a family into reality.

Our team of dedicated professionals is here to support you with compassionate and personalized care through every step of the way. Highly trained specialists and care coordinators utilize advanced equipment and innovative technologies to offer the best medical treatments available, including in vitro fertilization and fertility preservation.

Review the following pages for more information on your options and ways to get started.

Your journey. Your family. Our specialty.

When it comes to your fertility needs, you're in good hands. We're committed to helping you achieve your dreams by providing you with world-class care in a supportive and caring environment.

Integrated care

Your trusted team, including doctors, embryologists, nurses, and care coordinators, can access your medical history and coordinate your care based on your personal needs.

High-quality medicine

Our doctors are fellowship-trained, board-certified, or board-eligible in reproductive endocrinology and infertility. Our embryology team is led by board-certified embryologists with more than 25 years of experience in clinical IVF labs, and our embryologists are well-trained specialists in assisted reproductive technology (ART). That means quality care and peace of mind at every phase of your journey.

Culturally responsive care team

Your care team is here to help you choose a fertility option that is best for you. And you can trust that we will advocate for you and your baby at every step.

Convenient state-of-the-art facilities

You have access to 3 fertility centers and many satellite locations throughout Northern California that all use the most advanced technology available.

Choose from a range of fertility services

No matter what you envision for your future – and how you choose to get there – we're here to help. Your doctor will help you understand your options and decide what kind of treatment is right for you.

We offer many services, including:

- In vitro fertilization (IVF) with options for:
 - Genetic testing
 - Use of donor eggs, sperm, and/or a surrogate
 - Embryo cryopreservation and storage
- Male fertility procedures
- Fertility preservation

Take the first step

If you are a Kaiser Permanente member, the easiest way to transition to these services is to request a referral from your primary care provider or ob-gyn to one of our reproductive endocrinology and infertility (REI) providers or male infertility specialists.

If you are not a Kaiser Permanente member, please call your preferred Kaiser Permanente location that offers the services of interest.

Fremont **1-888-331-5601**

Sacramento **1-888-381-0627**

San Francisco **1-628-242-7300**

Visit kpivf.com to learn more about our services and satellite locations.

Many Kaiser Permanente members have coverage for the diagnosis and treatment of infertility, and some members have coverage for in vitro fertilization (IVF) procedures if IVF is listed as a covered benefit in the *Evidence of Coverage* for their Kaiser Permanente health benefit plans.

Effective January 1, 2020, certain fertility preservation services are a covered benefit for some plans under California law. For these plans, when a covered treatment may directly or indirectly cause iatrogenic infertility, standard fertility preservation services are a covered service distinct from covered infertility treatment services. "Iatrogenic infertility" means infertility caused directly or indirectly by surgery, chemotherapy, radiation, or other medical treatment.

Except where covered under your health plan benefits, the services described here are provided on a fee-for-service basis. Clinical services are provided by providers or contractors of The Permanente Medical Group, Inc., and Kaiser Foundation Hospitals may receive compensation for providing facilities and/or other support in connection with these services. For specific information about your covered health plan benefits, please see your *Evidence of Coverage*.
