By signing this form, I understand that Palo Alto Unified School District (PAUSD) will change the name and/or gender of the student listed above and that:

- These change(s) are being requested because the student consistently identifies as the name/gender requested above
- This form does not constitute a legal name and/or gender change; rather it only changes the name and/or gender of the student as reflected in PAUSD's student information system.
- The default access to gender-specific facilities and participation in gender-specific co-curricular and extra-curricular activities (i.e. sports) will be according to the Gender Identity of student, unless stated otherwise.
- The student's original name/gender/pronoun will be retained in the history of the student records system.
- I authorize release of the student's original and updated name/gender to other authorized parties as needed such as Student Services, Voluntary Transfer Program, Special Education, Transportation, Health and Food Services and Data and Research Dept. to ensure all internal systems have been updated with the preferred information.

Please return completed form to PAUSD Registration Services and allow 7-10 business days for this information to be entered into our systems.

School Site

What is the purpose of this form?

When legal documents are not available this Preferred Name / Gender Change Request Form is used to make changes to the student information system such that it reflects the name and/or gender with which a student consistently identifies. This form also provides a record of changes to a student's gender pronoun, access to gender-specific facilities, and participation in gender-specific co/extra-curricular activities.

Who may complete this Form?

The Preferred Name / Gender Change Request Form must be completed by a parent or guardian for a student under the age of 18. Students over the age of 18 may complete the form themselves without a parent or guardian signature.

Where do I submit this form?

This form must be submitted to the PAUSD Registration Services Office at 25 Churchill Ave, Palo Alto. Please allow 7-10 business days for this information to be entered into our systems.

What if a parent or guardian is not available to sign and submit this form?

If a parent or guardian is not available to sign and submit this form, a student should contact their school principal, a school counselor, or another Palo Alto Unified Schools staff member to request accommodations. All students, regardless of the completion of this form, may expect staff to use the name and/or pronoun that they have communicated verbally and/or in writing to staff.

How are these changes made?

The requested changes will be made in the online student information system. These changes will be reflected in student records from the point of request and moving forward; pre-printed past records will not be updated. A record of original legal name and gender will be maintained in the system.

How will my school know about the changes requested on this form?

The school will access the new name/gender in the student information system. However parents and/or students are encouraged to communicate with your school to ensure the support your child may need. This is very important when changes are requested to the student information system and when changing schools. The school principal, a school counselor, or another Palo Alto Unified School staff member may assist in ensuring that the appropriate staff receives the information that pertains to their role in the building and your requests regarding privacy.

What will be provided when I or other institutions request student records?

All certified records will reflect the student's legal name/gender, not the preferred name/gender. All other records may, or may not, reflect the preferred name/gender; check with the school.

How do I support my child?

For additional information regarding various ways to support your child, please visit our website at pausd.org and/or contact the Wellness Support Services office. We also recommend that families meet with the school counselor or the administrator to develop a student support plan.
