School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

We support all PAUSD students as they prepare themselves to thrive as global citizens in a rapidly changing world. We develop our students' knowledge, critical thinking, and problem-solving skills, and nurture their curiosity, creativity, and resilience, empowering every child to reach his or her full intellectual, social, and creative potential.

We are a public, pre-K-12 school district that unites our students, teachers, staff, and parents to deliver on our collective vision by offering a rich and challenging academic experience to all students within a supportive community, dedicated to preparing our youth for the challenges of living in a fast-changing world.

The Walter Hays Way

At Walter Hays, we strive to bring to life our district's vision and mission statements every day. We partner to create a balanced place for our children to learn and grow intellectually, socially, emotionally, and physically.

Walter Hays Core Values: Respect, Responsibility, Integrity, Initiative, Perseverance, Resilience, Empathy Inclusion, and Cooperation. The students, staff and families of Walter Hays strive to live these values every day. We recognize that with consistent effort and practice, along with our best intentions, we support a safe and positive environment for all to learn and grow.

Walter Hays School has 388 K-5 students; 209 are male and 179 are female. We serve families from a variety of socioeconomic backgrounds. The ethnic/racial makeup of the student body is 1% African-American, 14% Hispanic/Latino, 26% Asian, 42% White, and 13% other. There are currently 82 students who are receiving ELL services. Attendance rates are high. Class size varies from 19-24 students in grades K-5.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Year and month in which data were collected: September 26, 2017

Description of school's program towards meeting William's Settlement Requirements

The Board of Education has made a determination that each pupil in each school in the District has, or will have prior to the end of the fiscal year, sufficient textbooks or instructional materials, or both, in each subject, and these materials, in each subject, are consistent with the content and cycles of the curriculum framework adopted by the State Board. PASSED AND ADOPTED by the Board of Education of Palo Alto Unified School District this 26TH day of September, 2017.

Subject	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	Percent of Students Lacking Own Assigned Copy
Reading/Language Arts	Units of Study for Teaching Reading, Heinemann – 2015 Units of Study for Teaching Writing, Heinemann – 2014 PAUSD transitioned to common core literacy materials with a comprehensive approach to aligning writing and reading curriculum to Common Core State Standards (CCSS). With AB1246 teachers provided insights into curricular materials that were aligned to CCSS. The district followed the legislative opening to transition to instructional materials from Columbia University Teacher’s College Reading and Writing Project (TCRWP), Lucy Calkin’s Reading and Writing Units of Study. The TCRWP developed units of study in response to CCSS, and piloted them for 18 months to ensure alignment, and all curricular materials including lessons, rubrics and student checklists are aligned to CCSS. PAUSD provided materials and instructional resources for each student (leveled classroom readers and student writing materials) to give students appropriate reading and writing learning opportunities. School Facility Conditions and Planned Improvements (Most Recent Year)

Safety, cleanliness, and adequacy of school facilities. EC Sec. 33126 (b)(9) Safe, orderly schools are the highest priority of the Palo Alto Unified School District. Schools maintain and enforce a policy of required registration and identification at the main office. All visitors must register and receive approval before visiting any classroom or activity during the school day. District personnel, contractors and maintenance crews are required to wear identification badges while working on any campus throughout the district. The District has established a Preventive Maintenance Team that visit each campus on an assigned schedule repairing and maintaining facilities in readiness conducive to teaching and learning. . In addition, the District provides a work order system for ongoing maintenance that tracks requests, supplies and assigned time spent on any routine repair. A Custodial Supervisor who monitors the cleaning of all sites visits both during the day as well as the evening, providing custodians with support and emphasizing the importance of providing and maintaining a clean facility for learning. Each school has a Safety Plan and clearly stated expectations for student behavior. Safety Plans are updated and reviewed annually. The District has a strictly enforced anti-discrimination policy that prohibits harassment of students or staff based upon race, gender, disability, religion or sexual orientation. The School Board maintains a zero tolerance policy for violent or threatening behaviors, and is committed to prevention of harmful behaviors. Students are provided with opportunities to build positive relationships to help create a more supportive school community. The Walter Hays Elementary School main campus was originally constructed in 1923. The buildings on campus have been renovated and added to over the years with additional rooms added in 1947 and 1967. The original rooms were demolished and in 1970 a new classroom wing, administration wing and library were added. The latest modernization occurring in 2001 as part of the Building for Excellence Program. This modernization program included seismic and ADA accessibility improvements, as well as updating the classroom environment. New technology upgrades included computer workstations and increased electrical capacity within the classrooms. Energy upgrades included new heating systems and lighting in the classrooms. The 2001 modernization included constructing a new classroom building, administration and library were designed and built within an existing structure. The campus now has a new library facility as part of the Building for Excellence Program. The library facility has reading and resource areas for students, as well as new computer workstations. The library has a credentialed librarian assigned, with equipment, which provides for on line services, Internet and Intranet connections and a multimedia presentation station. The Multipurpose room is fifty years old, and is slated for reconstruction in the future. The District staff has worked with site personnel to identify additional needs at all of the campuses as input to the District’s Capital Improvement Plan. This plan detailed proposed repair/replace projects over the next twenty years with a priority for health and safety issues and begin to identify funding sources. Modernization on campus in 2001 included a new playground equipment structure and the resurfacing of hard court and play surfaces. The buildings were also re-roofed and painted in 2001 as part of the renovation. As of Dec. 2017 none of the emergency facility needs specified in Education Code Section 17592.72 (1. Gas leaks; 2. Non-functioning heating, ventilation, fire sprinklers, or air-conditioning systems; 3. Electrical power failure; 4. Major sewer stoppage; 5. Major pest or vermin infestation; 6. Broken windows or exterior doors or gates that will not lock and pose a security risk; 7. Abatement of hazardous materials previously undiscovered that poses an immediate threat to pupil or staff; and 8. Structural damage creating a hazardous or uninhabitable condition) are required at this school site. A copy of the Interim Evaluation Instrument used to verify Education Code Section 17592.72 deficiencies is on file in the Maintenance Office for review. The Hays Elementary School campus is safe, well maintained and clean, with a custodial staff assigned for 19 hours daily.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	86	81	83	81	48	48
Mathematics (grades 3-8 and 11)	85	80	84	81	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

English Learners	54	47	87.04	70.21
Students with Disabilities	27	25	92.59	24

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2016-17)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	13.3	25.6	56.7

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

There are many opportunities for parents to get involved at Walter Hays Elementary School. Parents volunteer in the classrooms, assist in the library, help supervise on the playground, driving and chaperoning on field trips, and serve in many volunteer roles through the Walter Hays PTA; PTA President Lise Latour, Site Council Chair Satomi Okazaki, and Partners in Education Chair Colleen Backstrand. For more information on parent involvement opportunities, contact Walter Hays school secretary Ruta Henard at (650) 322-5956.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan (School Year 2017-18)

The Walter Hays School Safety Plan was reviewed and updated by the Walter Hays School Site Council, in May 2017. The staff reviews elements of the plan regularly at staff meetings.

The School Safety Plan includes procedures for various emergencies such as fires and/or earthquakes and Code Red. Disaster preparedness is a priority at our school. Procedure information is provided to our community in the school handbook.

We hold regular fire, earthquake and Code Red drills as part of our disaster plan, which is reviewed annually. We store emergency equipment, supplies, and food, and many of our staff participate in First Aid and CPR training. In addition, the School Safety Plan describes specific goals designed to improve the school climate, physical and social environments, and personal experiences of students and staff.

All of the students at Walter Hays are studying our nine Core Values: respect, responsibility, cooperation, empathy, inclusion, integrity, initiative, perseverance, and resilience. Classroom 'Social Thinking' lessons and activities are designed to reinforce positive character development and supports student ability to constructively solve social conflicts. In addition, there are opportunities for students to be involved in school service, Kindergarten Lunch Buddies, and class buddies.

Teachers have been trained in emotional intelligence and several have attended the annual Brain Conference. Teachers also participate with their classes in the presentation of the Social Thinking Curriculum, instruction which supports how children learn personal responsibility and positive social skills strategies. Several teachers on staff have been trained and are implementing Responsive Classroom methods in their classrooms. In addition, teachers are trained in identifying and helping students who need help getting along with others and solving conflicts in the classroom and on the playground. Students are trained to use the "Peace Path" which supports them in a conflict resolution process. The Peace Path templates are found at five different locations on campus for students to easily access.

Safe School Goals for the 201 School Year

Social Climate Goals:

- Provide students with opportunities to learn and practice positive social behaviors.
- Provide opportunities for students to be active participants and leaders in the school.
- Encourage students to communicate concerns and become proactive problem solvers.

Physical Environment Goals:

- Maintain a safe and functional school environment at all times.
- Protect the school from outsiders on campus; require all visitors to sign in when arriving on campus to volunteer or deliver items to the students.
- Maintain emergency provisions and follow emergency procedures when necessary.
- Suggest and support alternative routes to and from school to alleviate parking lot congestion.
- Improve parking lot safety.

Types of Services Funded (Fiscal Year 2016-17)

Each year each school develops a Single Plan for Student Achievement (SPSA). This plan is available at the school site. The SPSA is developed by the School Site Council and is presented to the Board of Education for approval during a fall Board Work Session. This plan provides the budget detail on the uses of the site's categorical funds. The SPSA also describes the overall categorical funding received by the District in dollar amounts and the types of services funded. Most categorical programs are centrally funded and not within an individual school's budget. The notable exception is the federally-funded Title I Assistance Program, which is provided for identified students in PAUSD's elementary schools with the highest concentrations of low income families. The District also publishes an annual Budget Book, typically running over 400 pages, which details all District expenditures, General and Categorical, by school and by department. The 2016-17 Budget was adopted by the Board of Education on June 21, 2016. The Budget Book is available through Business Services at the District Office and on the PAUSD Website <https://www.pausd.org/sites/default/files/pdf-faqs/attachments/BudgetBook2016-17.pdf>.

Professional Development (Most Recent Three Years)

Professional Learning in the Palo Alto Unified School District is guided by our vision:

Vision for Professional Learning for PAUSD

Professional Learning is a comprehensive, sustained and intensive approach to improving teachers', principals' and support staffs' effectiveness in raising student achievement. In order to provide all students the highest-quality learning environment in every Palo Alto school, all certificated and classified staff must be continuously engaged in Professional Learning.

PAUSD's Professional Learning will:

- be focused on student learning goals and outcomes based on evidence (data)
- strengthen content knowledge and instructional strategies to meet the needs of all students
- be collaborative and foster a sense of collective responsibility focused on improved student performance, PK-12
- be ongoing, embedded in our daily work, with an emphasis on inquiry and reflection to improve practice
- be regularly evaluated to ensure experiences are high-quality, research-based, and effective in meeting intended goals
- be in alignment with site and district goals

Each year teacher and special education aides attend three dedicated professional learning days. The content for these sessions is informed by our focus goals which include high quality teaching and learning; equity and access; and wellness and safety. These goals represent priorities in our strategic plan, WASC and SPSA plans. Additional workshops on these topics, multimedia and technology are offered throughout the year, at the District and school sites. Reading specialists, special education teachers, school psychologists, speech therapists, EL teachers, and other non-classroom personnel are included and also receive additional training in their areas of expertise. Our district employees instructional coaches that work with individual teachers, teams and entire departments or staffs to support continuous growth and implementation of new strategies or curriculum. New teachers to PAUSD, including those who qualify for our Induction Program, attend workshops focused on curriculum, instruction, assessment, and meeting the needs of all students. In addition, Induction participants receive one-to-one coaching in support of their long-term goals and immediate needs. Teachers in need of additional support can access our Peer Assistance and Review program for targeted coaching support. Our non-instructional support staff also have opportunities to attend workshops related to district goals that pertain to their roles.

Professional learning is delivered in a variety of ways. We hold after school workshops, conduct blended workshops that combine online and in-person time, offer instructional coaching and in-depth summer institutes. In addition to coaching support, we ensure our administrators develop expertise in our focus areas so they are able to provide leadership and support at their sites.
