## School Accountability Report Card

### Reported Using Data from the 2018-19 School Year

#### Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2019-20)

Ohlone Elementary School offers a unique approach to education and is officially designated as an alternative school rather than a neighborhood school. Students are admitted to Ohlone via an equal access lottery. Parents are required to attend an orientation session and school tour prior to making a commitment to Ohlone’s guiding principles and practices.

Ohlone’s core values form the basis of its educational and community structure. The Core Values are:

- Trusting and Respecting Each Individual
- Developmental Approach
- Growth and Assessment
- Meaningful, Relevant Curriculum
- Multi-dimensional Learning
- Cooperation and Collaboration
- Student-Teacher-Parent Partnership

Ohlone students experience a developmental and multi-dimensional approach to teaching and learning. Students engage in authentic ways with the curriculum and learn through relevant real-world experiences, simulations, and project-based learning. We encourage our students to think independently, aspire to a growth mindset, and to take responsibility for their learning. Students see themselves as life-long learners who are comfortable with making mistakes.

Social-emotional learning is at the heart of our instruction at Ohlone. Kindness, respect, compassion, resiliency, and environmental and global citizenship are among many of our goals. We value mutual respect, trust, and honesty. In our multiage setting, students learn to work with their peers across a developmental continuum that provides opportunities for differentiation in meeting students’ individual and developmental needs. Each student is appreciated as an individual with a unique set of gifts. We are an inclusive community that welcomes and supports all learners.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

### Teacher Credentials

Teachers	School 2017-18	School 2018-19	School 2019-20	District 2019-20
With Full Credential	34	30	33	764
Without Full Credential	0	0	0	8
Teaching Outside Subject Area of Competence (with full credential)	0	0	0	4

### Teacher Misassignments and Vacant Teacher Positions

Indicator	2017-18	2018-19	2019-20
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments*	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

**Year and month in which data were collected:** November 2019

Description of school's program towards meeting William's Settlement Requirements

The Board of Education has made a determination that each pupil in each school in the District has, or will have prior to the end of the fiscal year, sufficient textbooks or instructional materials, or both, in each subject, and these materials, in each subject, are consistent with the content and cycles of the curriculum framework adopted by the State Board. PASSED AND ADOPTED by the Board of Education of Palo Alto Unified School District this 24th day of September, 2019.

The TCRWP developed units of study in response to CCSS, and piloted them for 18 months to ensure alignment, and all curricular materials including lessons, rubrics and student checklists are aligned to CCSS. PAUSD provided materials and instructional resources for each student (leveled classroom readers and student writing materials) to give students appropriate reading and writing learning opportunities. In 2018-19, Units of Study in Phonics was added to K-2 classroom instructional materials to address the need for more specific phonics instruction while</p>	No	0

## School Facility Conditions and Planned Improvements (Most Recent Year)

---

Safety, cleanliness, and adequacy of school facilities. EC Sec. 33126 (b)(9) Safe, orderly schools are the highest priority of the Palo Alto Unified School District. Schools maintain and enforce a policy of required registration and identification at the main office. All visitors must register and receive approval before visiting any classroom or activity during the school day. District personnel, contractors and maintenance crews are required to wear identification badges while working on any campus throughout the district. The District has established a Preventive Maintenance Team that will visit each campus on an assigned schedule repairing and maintaining facilities in readiness conducive to teaching and learning. In addition, the District provides a work order system for ongoing maintenance that tracks requests, supplies and assigned time spent on any routine repair. A Custodial Supervisor who monitors the cleaning of all sites visits both during the day as well as the evening, providing custodians with support and emphasizing the importance of providing and maintaining a clean facility for learning. Each school has a Safety Plan and clearly stated expectations for student behavior. Safety Plans are updated and reviewed annually. The District has a strictly enforced anti-discrimination policy that prohibits harassment of students or staff based upon race, gender, disability, religion or sexual orientation. The School Board maintains a zero tolerance policy for violent or threatening behaviors, and is committed to prevention of harmful behaviors. Students are provided with opportunities to build positive relationships to help create a more supportive school community. The Ohlone Elementary School main campus was originally constructed in 1949. The buildings on campus have been renovated and added to over the years with additional rooms, multi-purpose and office added in 1962. The latest modernization occurring in 2004 as part of the Building for Excellence Program. This modernization program included seismic and ADA accessibility improvements, as well as updating the classroom environment. New technology upgrades included computer workstations and increased electrical capacity within the classrooms. Energy upgrades included new heating systems and lighting in the classrooms. The 2004 modernization included conversion of two classrooms housing the library to classrooms, conversion and construction of a new library space within an existing building and construction of a new classroom wing. Two 1440 square foot modular classrooms were added to accommodate growth in the summers of 2008, and one 960 square foot building was added in 2008. The campus now has a renovated library facility as part of the Building for Excellence Program. The library facility has reading and resource areas for students, as well as new computer workstations. The library has a credentialed librarian assigned, with equipment, which provides for on line services, Internet and Intranet connections and a multimedia presentation station. The Multipurpose room is forty-five years old, and is slated for reconstruction in the future. The District staff has been worked with site personnel to identify additional needs at all of the campuses as input to the District's Capital Improvement Plan. This plan detailed proposed repair/replace projects over the next twenty years with a priority for health and safety issues and begin to identify funding sources. Modernization on campus in 2004 included a new playground equipment structure and the resurfacing of hardcourt and play surfaces. The buildings were also re-roofed and painted in 2004 as part of the renovation. During the summer of 2008 two 1440 relocatable classrooms were added to accommodate growth. During the summer of 2010 work started on a new 2 story 8 classroom building. Work was completed in the fall of 2011. During the summer of 2011 (5) modular classroom buildings were removed from the campus reclaiming this area as green space. As of October 2019 none of the emergency facility needs specified in Education Code Section 17592.72 (1. Gas leaks; 2. Non-functioning heating, ventilation, fire sprinklers, or air-conditioning systems; 3. Electrical power failure; 4. Major sewer stoppage; 5. Major pest or vermin infestation; 6. Broken windows or exterior doors or gates that will not lock and pose a security risk; 7. Abatement of hazardous materials previously undiscovered that poses an immediate threat to pupil or staff; and 8. Structural damage creating a hazardous or uninhabitable condition) are required at this school site. A copy of the Interim Evaluation Instrument used to verify Education Code Section 17592.72 deficiencies is on file in the Maintenance Office for review. The Ohlone Elementary School campus is safe, well maintained and clean, with multiple custodial staff assigned for 20 hours daily.

### School Facility Good Repair Status (Most Recent Year)

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	79	79	82	82	50	50
Mathematics (grades 3-8 and 11)	84	84	83	82	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

### California Physical Fitness Test Results (School Year 2018-19)

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2019-20)

Parents play an integral part in the Ohlone learning community. Our parents volunteer in classrooms and on campus, coordinate activities and special events, and work as officers and chairs for committees such as School Site Council, Core Values Committee, Farm Council, PTA, and PiE. Our parents take care of our farm daily and through monthly farm work days and other volunteer opportunities.

Parents support and maintain Ohlone traditions such as our Farmers' Market, Harvest Festival, Global Awareness Dinner, Family Bingo Night, Spring Fling Picnic, and Family STEM Night. We use the talents of parents and community members to support and enrich school programs.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### Suspensions and Expulsions

Rate	School 2016-17	School 2017-18	School 2018-19	District 2016-17	District 2017-18	District 2018-19	State 2016-17	State 2017-18	State 2018-19

### School Safety Plan (School Year 2019-20)

Ohlone's School Safety Plan was last reviewed, updated, and discussed through Site Council on 2/27/19. Ohlone is committed to the physical and emotional safety of all students, staff, and families. Our Core Values and Goals of an Ohlone Education are guiding principles in the development of our safety plan goals. Our School Climate Survey indicated parent concerns regarding traffic and playground issues. Goals were developed in the following areas:

Goal 1: The Ohlone playground will be a safe and welcoming learning environment for all students.

Steps:

- Yard duty supervision will be maintained at legal requirements (one yard duty supervisor per 150 students) or better as the budget allows.
- Organized sports and activities will be available for students at lunch to offer structured opportunities for supporting positive peer relationships and interactions.
- Determine the need for morning yard supervision with staff - DONE - For the 2019-20 school year, there is morning supervision from 8:00-8:10am each day.
- Investigate use of instructional aides as supporting supervision during lunch recess
- Install security cameras to address concerns regarding graffiti and vandalism - DONE

- Explore possibility of visualizing conflict resolution strategies (e.g. Peace Path) to increase student independence in resolving problems
- Encourage a student-led system or mechanism for building friendships and solving conflicts (e.g. Friendship Bench, Student Problem Solvers) - DONE - Jr. Staff Program implemented that involves student running noon activities for students and supporting conflicts that arise.

Goal 2: Students will arrive and leave school safely each day.

- Share traffic rules and review at least three times per year with students and families
- Request a crossing guard from the city for the Colorado crosswalk - DONE - Crossing guard in place for the 2019-20 school year funded by City of Palo Alto
- Make traffic rules visual for drivers - DONE

## D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Other	4.3

\*One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

### Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2017-18)

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Restricted)	Expenditures Per Pupil (Unrestricted)	Average Teacher Salary
School Site	\$12,379.76	\$2,128.32	\$10,251.44	\$108,195.31
District	N/A	N/A	\$12,255.33	\$109,894.00
Percent Difference - School Site and District	N/A	N/A	-12.3	-2.3
State	N/A	N/A	\$7,506.64	\$82,031.00
Percent Difference - School Site and State	N/A	N/A	55.1	24.0

Note: Cells with N/A values do not require data.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

### Types of Services Funded (Fiscal Year 2018-19)

The district relies on federal categorical funding under Title I, Title II, and Title III of the Every Student Succeeds Act (ESSA). The use of categorical funds is to assist districts in closing the educational gap of special populations and providing resources, professional development, and materials to improve instruction. One way these funds are used is to employ reading specialists, instructional aides, primary language tutors, and English learner specialists. Funds are also used to support district-wide professional development in curriculum and English learner support. Supplementary services, such as after-school tutoring for students, a summer bridge course for rising ninth-graders, and engagement opportunities for parents, also draw from these funds.

For a more detailed analysis of services funded, refer to the LCAP Addendum for 2018-19  
<https://www.pausd.org/explore-pausd/local-control-and-accountability-plan-lcap>.

In addition, each year each school develops a School Plan for Student Achievement (SPSA). The California Department of Education describes the School Plan for Student Achievement (SPSA) as the “plan of action to improve student academic performance by coordinating all educational services and resources.” Each school’s SPSA document is developed by reviewing site-specific student achievement data and developing an improvement process.

The School Site Council (SSC) is the decision-making body responsible for establishing the goals, with input from the staff and the parent community, delineated in the SPSA. The SSC reviews, modifies, and monitors implementation of the plan and establishes a budget for proposed expenditures to support the specified goals. SPSAs are reported to the PAUSD Board annually and available through the following link:  
<http://go.boarddocs.com/ca/pausd/Board.nsf/goto?open&id=BCMTFT68A305>.

Professional Learning in the Palo Alto Unified School District is guided by our vision:

Professional Learning is a comprehensive, sustained and intensive approach to improving teachers', principals' and support staffs' effectiveness in raising student achievement. In order to provide all students the highest-quality learning environment in every Palo Alto school, all certificated and classified staff must be continuously engaged in Professional Learning.

Each year teacher and special education aides attend three dedicated professional learning days, and elementary teachers have an additional three partial days. In 2017-18 and 2018-19 grade level or course-alike teams were provided with one release day to focus on professional learning. Teachers new to the district attend one full day of professional learning each fall in their first two years in the district. Four of our elementary schools are provided an additional five days for in-depth professional learning focused on literacy.

Professional learning is informed by PAUSD's goals which include high quality teaching and learning; equity and excellence; and wellness and safety. Workshops on these topics, and multimedia and technology are offered throughout the year, at the District and school sites. Reading specialists, special education teachers, school psychologists, speech therapists, EL teachers, and other non-classroom personnel are included and also receive additional training in their areas of expertise. Instructional coaches work with individual teachers, teams and entire departments or staffs to support continuous growth and implementation of new strategies or curriculum. New teachers to PAUSD, including those who qualify for our Induction Program, attend workshops focused on equity, curriculum, instruction, assessment, and meeting the needs of all students. In addition, Induction participants receive one-to-one coaching in support of their long-term goals and immediate needs. Our non-instructional support staff also have opportunities to attend workshops related to district goals that pertain to their roles.

Professional learning is delivered in a variety of ways. PAUSD holds after school workshops, conducts blended workshops that combine online and in-person time, offers instructional coaching and in-depth summer institutes. In addition to coaching support, we ensure our administrators develop expertise in our focus areas so they are able to provide leadership and support at their sites.
